EDUCATION

B. of Computer Application

GLS University

2021 - 2024

Last Sem SGPA : 87.05

GSEB

Higher Secondary (XII)

2020 - 2021

98.43 PR

SKILLS

- UI/UX, Figma
- Python
- Bootstrap
- MongoDB, MySQL

PROFILE

I recently graduated with a Bachelor's degree in Computer Applications from GLS University. I am particularly interested in Python, I am excited to apply the theoretical knowledge and practical skills acquired during my academic studies to real-world projects. Additionally, I am eager to join a dynamic team where I can contribute through creative design solutions and front-end development skills. I am looking forward to starting my career and learning more in the field.

PROJECTS

• TOP10 NEWZ

I've prepared this website with the use of React.js and Bootstrap technology. It also contains the use of a NEWSAPI. It is a real time application which shows the latest news and it keeps updating. Every news is divided into different categories like sports ,technologies,business,science etc.

• OPTITRACK

Technology: MEAN Stack

the creation of OPTITRACK. a transformative business communication software. Utilizing Angular and Node.js, elevated organizational productivity through collaborative document management, employee task tracking, and performance reviews, fostering a streamlined and efficient work environment.
